PLASTIC FASTENERS

PLASTIC RIVETS

Designed to permanently lock two or more panels together, Plastic Rivets are available in a range of sizes to cater for most fastening applications. If removal becomes necessary, the pin may be driven through the rivet after which the grommet can be prised out. A replacement fastener is then required for re-assembly.

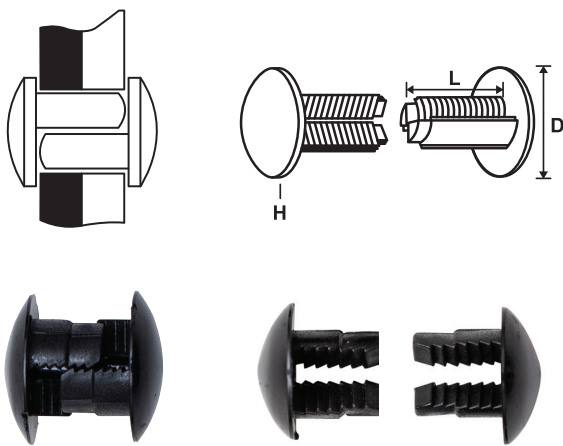

PART ID	ARTICLE NUMBER	COLOUR	HOLE SIZE MM	PANEL THICKNESS	D	H	L	CARTON QTY

RATCHET RIVETS

Two identical parts ratchet together to provide a permanent assembly of two or more thicknesses of material, and a neat, finished appearance on both sides, ideal for rigid or compressible materials. They are available in a range of head and foot sizes and require access to both sides of the job for assembly.

Available Colours: white, black, opaque, and clear.

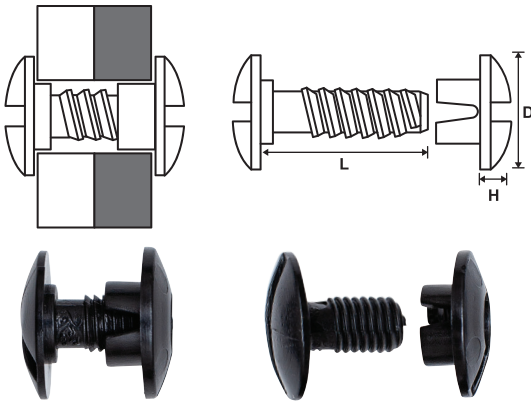

Available Sizes: small, medium, and large.

PART ID	ARTICLE NUMBER	COLOUR	HOLE SIZE MM	APPROX GRIP RANGE	D	H	L	CARTON QTY
967799701	016-0025	White	6.7 - 6.9	6.0 - 8.7	10.3	2.6	6.0	13000

970492601	016-0149	Opaque						

REMOVABLE RATCHET RIVETS

For similar applications to those where Ratchet Rivets may be used but where a removable fastener is required. This two part fastener is pressed together to close, and removed by unscrewing the nut from the shank.

PART ID	ARTICLE NUMBER	COLOUR	HOLE SIZE MM	APPROX GRIP RANGE	D	H	L	CARTON QTY
970479201	010-0090	Natural	6.9 - 7.1	5.5 - 10.5	12.0	2.7	10.8	5000
970479301	010-0104	Black						

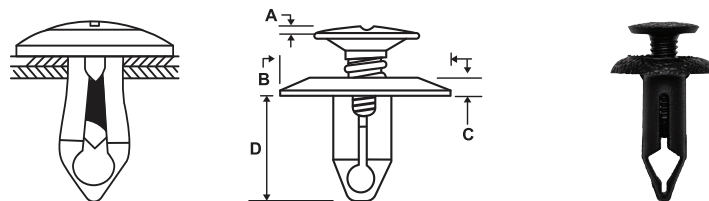

SCRIVETS

A removable fastener similar to Plastic Rivets in appearance. They are available in a range of sizes to cater for varying applications and are widely used in the automotive industry.

When removal is necessary the threaded pin can be unscrewed with a Phillips #1 screw driver.

Note: All dimensions detailed below are in mm.

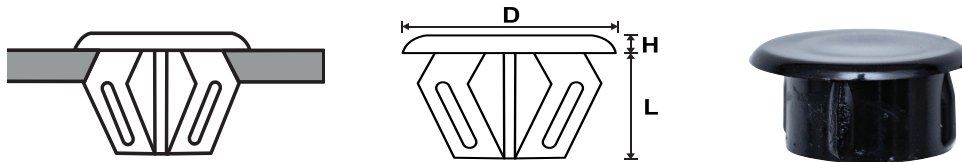

Note: Although a range is given for both the "Hole Size" & "Panel Thickness", there is a specific panel thickness for each 0.1mm of hole size specified within this range.

PART ID	ARTICLE NUMBER	COLOUR	HOLE SIZE MM	APPROX GRIP RANGE	D	H	L	CARTON QTY
967800101	020-0015	Black	8.2 - 10.0	2.0 - 6.0	22.2	2.5	9.0	2000

ANCHOR BUSHES

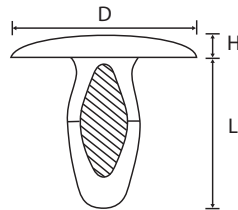

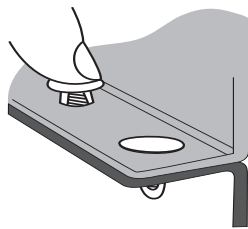

Bushes are designed to be used where metal rods pass through panels. Fitted into the panel the bush provides insulation to the rod preventing rattles and squeaks. Nylon bushes will also act as a bearing where a moderate load is applied. Note: All dimensions detailed below are in mm.

PART ID	ARTICLE NUMBER	COLOUR	HOLE SIZE MM	STUD SIZE	APPROX GRIP RANGE	D	H	L	CARTON QTY

CHRISTMAS TREE CLIPS

An extremely versatile fastener designed to hold two or more panels together, particularly where the final panel has a blind hole. Christmas Tree Clips are available in a large range of colours, head styles, sizes, and foot lengths to suit most applications.

Standard Colours: a range of common colours are permanently available.

Custom Colours: 50+ custom colours are available - made to order, upon request.

SECURITY SEALS

METER SEAL

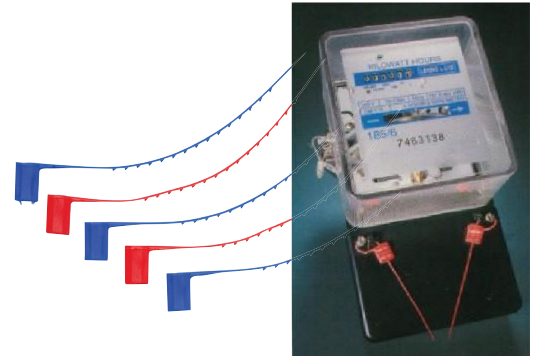

The meter seal although originally designed for use with Electricity Meters, is a simple one piece seal that can be used for a variety of applications.

Requires a crimping tool for sealing.

Will fit into holes down to 1.5mm.

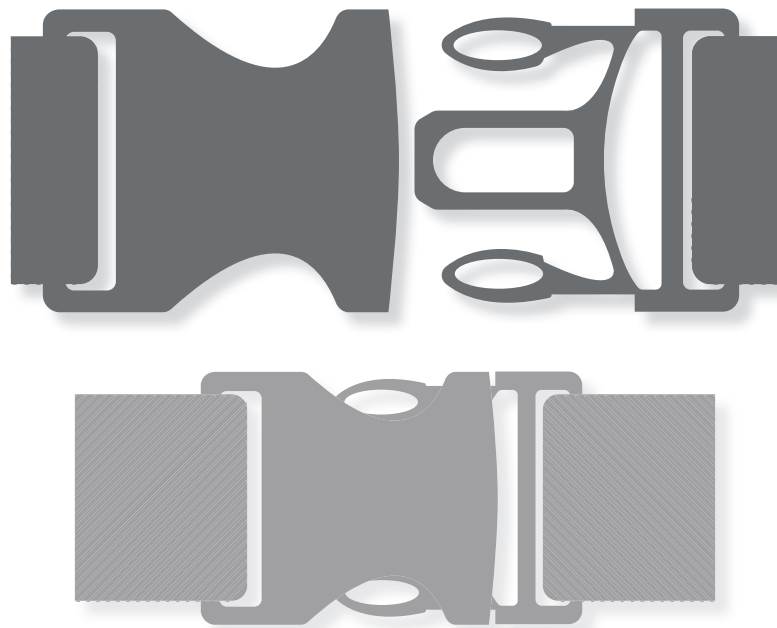

U.V. Stabilised to provide increase durability.

Available in a range of colours (subject to minimum orders).

967810601	380-0004	25mm / 1"	Acetal	Black	Classic	SR Single	1000
967810701	380-0044	50mm / 2"	Acetal	Black	Classic	SR Single	400

These buckles are also available in Nylon but Minimum Order Quantities may apply.

CAMLOC

Camloc Buckles provide an easy-to-use and easy-to-adjust means of securing webbing. The locking doors trap the webbing to prevent unintentional slippage. The “robust” design and glass filled nylon material used for manufacture of the 50mm Camloc buckle, ensures maximum performance when securing webbing.

967811001	386-0063	25mm	Acetal	Black	5000

SUPER LADDERLOC

Ladderloc adjustment buckles are the most versatile buckles, allowing easy, one-handed release or tightening of webbing and straps. All Ladderlocs have been designed to minimise slippage of the webbing while allowing smooth and easy tightening.

PART ID	ARTICLE NUMBER	WEBBING SIZE	MATERIAL	COLOUR	A	CARTON QTY
967813501	956-1109	25mm / 1"	Acetal	Black	19.1	1500

CARABINA SHOCK CORD HOOKS

The moulded Carabina or Shock Cord Hook & Bush is rust and corrosion proof and being a totally moulded unit, the traditional metal crimp ring is eliminated. The fastening method securely grips shock cord whilst the slip ring conceals the end of the shock cord providing a neat finish.

967811301	386-0307	50mm	Acetal	Black	2000

SPECIALTY BUCKLES

The non-corrosive whistle provides an excellent safety device for a variety of outdoor activities. The high pitch sound is significantly louder than a conventional ball whistle and can be heard over long distances. These attributes have allowed to obtain EN394 Approval for this product.

The LJ25 buckle has been developed to provide superior locking strength with anti-pinching characteristics, making this part an excellent choice for safety vests.

PART ID	ARTICLE NUMBER	WEBBING SIZE	MATERIAL	COLOUR	DESCRIPTION	TYPE	CARTON QTY
